I AM

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.

I Am Your City Directory

Advertisers

Who KNOW

That which makes any advertiser's approval worth while is the prominence he has attained in his particular line of work.

The *advertisers in the Directory* are competent judges on the subject of advertising mediums—the fact that they approve of *Directory advertising* is evidenced by their continued patronage.

The City Directory

Represents Conditions Today— History Tomorrow

The men who direct the affairs of the city and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the world as no other publication does or can do.

It is the logical means of publicity in advertising the city, its industrial, commercial and social advantages.

Patronize the City Directory and you automatically boost your own business.

The sign over your door is a mighty good investment, but just consider how much "mightier" investment the Directory offers you.

THINK IT OVER!

THIS DIRECTORY IS A PRODUCT OF

THE BURCH DIRECTORY CO.

A Member of The

Association of North American Directory Publishers

Thus assuring patrons the ultimate service that skill and care can produce in the way of City Directories, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association in 1898, and strictly adhered to since that date, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledge himself:

1. To consider, first, the interest of the user of the Directory.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found and the Directory be made to serve its fullest use as a business and social reference and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

SOMETHING

To Think About

For the Advertiser and the Consumer

DO YOU REALIZE that an Advertisement in the City Directory is a Testimonial to the Permanency and Stability of the Advertiser?

A City Directory Advertiser is the logical one to patronize This permanency and stability is your assurance of a square deal in buying merchandise or having work done.

"FLY-BY-NIGHT," "FIRE SALE," "GET-RICH-QUICK," and other temporary concerns, rarely appear, or advertise, in the City Directory.

It is a noteworthy fact that 90% of the City Directory Advertising is renewed from issue to issue

There are dominant factors connected with City Directory Advertising. first, the low cost and staple publicity it affords, locally and nationally, second, this co-operation and patronage is wholly responsible for the very existence of the City Directory

The modern City Directory is a wonderful asset, credit and benefit to the community it represents In turn, that which benefits the community, automatically benefits the Advertiser.

Judicious Advertising is always a good investment, and City Directory Advertising, cost considered, renders larger returns than any other medium In connection with the complete Classified Business section, it is doubly effective

While we have offered you "Something to Think About," it is also Something Worth Remembering
